Remember, I sent samples to Houston lab on the ones with Haz due to detection issues.

Also, I should have final report on FT1004 and FT506 from EPA lab tomorrow.

Can we circle back tomorrow and chat. I am working through some of these haz tanks. I also sent Demita the Dana Frac Tank analysis she should have received it today. Hopefully we can get that moving by next week early if not before.

Yes, use my cell phone number with an alternate as 866-372-7745. I assume this is for the roll-offs?

Gary,

Good afternoon, working on hazardous manifests and it looks like I'll need an Emergency Response Phone Number to list in Section 3 of the manifest. Do you have a number you would like me to use?

Thanks,
